

# Carer Gateway Community Connector Program

## Connecting hard to reach carers with the NDIS

The Wellways Carer Gateway Connector Program will support hard-to reach populations to better understand and access the NDIS across Queensland and the New South Wales regions of South West Sydney and Nepean Blue Mountains.

### Who are hard to reach carers?

The Community Connector Program will work with ageing carers, Culturally and Linguistically Diverse (CALD) Carers, Aboriginal and Torres Strait Islander carers and carers in remote communities.

### The Community Connector Program aims to:

- Identify hard to reach carers of people with a disability and support them to access the NDIS
- Ensure participants are linked with a range of services including social, health, education, community and cultural groups
- Ensure participants are linked with Partners in the Community (PITC) and/or the NDIS and Support Coordinators.

### Contact us:

If you support a carer who could benefit from this program, please call **1800 422 737** or email **communityconnectors@wellways.org**
