## Digital Technology Department

What	Description	When	Where	Contact
Robotics Club	Students meet regularly to engage with robotics activities and digital technologies activities. Students with all levels of coding abilities are welcome to join.	Lunch Times, Term 2, 3 and 4	RIC	Ms Elice Probst
Coding Club (CiY)	Students who want to dabble in a range of technologies, including 3D printing, game creation and robotics can sign up for the after school coding club that is usually run in Term 3. This program is run based on the availability of CiY Coding Club, and based on the number of students who sign up.	After school for six weeks, Term 3	RIC	Ms Katrina Engler
Epic Lab	This is a hands-on online program that allow students to collaborate with like-minded peers from around Australia in a passion project. We guide students through Stanford University Design School's design thinking framework to launch their own projects alongside industry mentors.	Term 1, after school	RIC	Ms Elice Probst

Digital Technologies Golden Opportunities Day	Offered to students in years 5 and 6, students can come along to a day at Corinda State High School and learn all about micro:bits and digital technologies. Students are provided with their own micro:bit that they can take home and continue exploring the world of code.	Term 2 and 4	RIC	Ms Elice Probst
Young Entrepreneurs Golden Opportunities Day	Offered to students in years 5 and 6, students can come along to a day at Corinda State High School and explore the world of entrepreneurs. They will engage in the design thinking process to develop a business concept that solves a real-world problem.	Term 3	RIC	Ms Elice Probst
Entrepreneur Hackathon	This is a weekend bootcamp for young entrepreneurs wanting to change the world, one business idea at a time. Students apply the principles of design thinking and entrepreneurship to develop a real-world business solution. With the guiding help of industry leaders and business owners, students apply their ideas with real-world outcomes. There is a fee associated with this activity.	Term 2	RIC	Ms Elice Probst
Enterprise and Innovation Awards	Students are able to enter a business or innovative technology concept into the EIA competition in 2021. There will be a number of categories for students to enter with prizes to be won. Students in Year 10 Business Studies and Year 10 Digital Technologies also pitch their concepts to a panel of industry experts in a Shark Tank style event with the winners taking home trophies.	Term 3	RIC	Ms Elice Probst
