

Daymap Connect is an extension of the Daymap Learning Management System. It is a Parent Portal and combines communication and student management, by providing parents with access to key school and student information on their child's learning behaviour, progress and performance.

Accessing Daymap Connect

Daymap Connect can be accessed using a login and password per parent (with the option to provide multiple logins). The easy-to-use system allows parents to create and manage their own accounts for Daymap Connect and enables them to access details for all of their children enrolled in the school, anywhere and anytime.

The Daymap Connect log in screen is shown below. This can be found by using the URL address that the school has provided.

The image shows the Daymap Connect login interface. On the left is a large blue square. On the right, the 'Daymap Connect' logo is displayed above the school name 'Daymap Test School'. Below this, there are input fields for 'Username:' (containing 'tbt') and 'Password:' (masked with dots). There are links for 'Forgot your password?' and 'New User?'. A 'Remember me' checkbox is present, and a 'Sign In' button is at the bottom right of the login area.

Creating an account will differ depending on the school. You will either receive a link via email, which you will follow to set up your account.

The image shows a 'Reset Password' form. It contains the instruction: 'Enter the email address you have registered with the school along with a matching valid student code. A link to set your password will be emailed to you.' Below this is an 'Email' label and a text input field. At the bottom is a blue button labeled 'Reset Password'.

Alternatively, if you have been provided a student code, you can create a new account by clicking **New User**. You will need to enter your email address that is registered at the school and the student code you were provided. Once details have been entered, click on **Reset Password**. A username and password will be sent instantly to your email account.

Enter the email address you have registered with the school along with a matching valid student code and a new password will be emailed to you.

Note: Due to security reasons, Daymap is unable to assist if there is an issue with accessing your account. For assistance, please contact your child's school.

Daymap Connect

Daymap Connect has different levels of access that are set by the school. A reduced access mode prevents access to sensitive student information and might be used by the school if you have not completed any required identity checks.

Daymap Connect is navigated via the tabs on the left side of the window to view messages, a calendar of events, school notices and account details.

Schools can customise which tabs are used; therefore, your parent portal may not look exactly like the images below.

Home Tab

This is the main page of the Parent Portal. On this page you will see recent messages and upcoming events. Click on a student icon to access information specific to each student (please note: if you have reduced access you will not see or be able to access individual student information.)
